# SPONSORSHIPS IN THE WORLD OF HANDBALL

SELECT is the world's largest producer of handballs and official match ball supplier to a wide range of associations, leagues and clubs around the world. All tournaments by EHF have SELECT as official match ball – including the EHF Champions League and the European Championships. Our ULTIMATE is the official league ball in Germany, France, Poland, Russia, Iceland, Norway, Slovenia, Czech Republic, Turkey and Spain and is used by many of the teams in the strong leagues of Denmark and Hungary. SELECT is also supplier to the national teams of Austria, Chile, Czech Republic, Iceland, Lithuania, Portugal and Turkey and has been the Danish national team's preferred ball brand for over 50 years.

# HAND STITCHED – DEDICATED TO QUALITY

A SELECT hand-stitched handball consists of six crucial elements:

1

PU  
SURFACE

4

LINING

2

HAND-  
STITCHED

5

ZERO-WING  
BLADDER

3

FOAM

6

DOUBLE LOCK  
VALVE

2

6

# 360 DEGREES OF PERFECTION

Common to all our balls is that the quality is high and the durability long. An optimally round handball consists of 32 panels made up of 12 pentagons and 20 hexagons. The 32 panels are sewn together using 540 double stitches and 60 corner stitches and are closed off – especially for SELECT – with a double knot. The ball lasts longer this way.

Hidden behind the colourful exterior of the balls in our Pro and Club Series is a Zero-Wing bladder made of high performance natural latex. The concept has been developed to ensure that not only the ball but also the bladder is as round as possible. We solely use latex bladders in our handballs with built-in balance point at the opposite side of the valve hole. This, together with the Zero-Wing concept, ensures a perfectly balanced ball with a very lively bounce.

To stabilise the ball and to ensure it remains round, the 32 panels are lined with several layers of textile material. The lining helps to adjust the softness as well as the weight of the ball.

Ball size	Circumference
00	41-43 cm.
0	46-48 cm.
1	50-52 cm.
2	54-56 cm.
3	58-60 cm.

The most important factor regarding the softness of the ball is actually a layer of neoprene foam, which is placed between the lining and the synthetic leather. The foam maintains its softness and elasticity match after match.

The synthetic leather used in our handballs consists of an outer layer of "grippy" PU with a backside of non-woven polyester fibre. In addition to this, the special fibre threads are inlaid in a crisscross fashion to ensure the strength and stability of the material. This ensures a ball with a perfect grip, optimal balance and extreme durability.

High quality is essential for SELECT. For this reason, each ball undergoes a stringent test at our production facilities in Pakistan. Here they are tested for stitching, surface, roundness, circumference, weight, air retention and colour printing. Even the bladders are inflated to ensure perfect balance.

Our ULTIMATE comes with a three year warranty on stitching and roundness; all other balls have a two year warranty.

# MAXI GRIP

SELECT MAXI GRIP has a unique, sticky surface without the use of resin.

This results in an excellent grip around the ball and less work in cleaning the floor; two major requirements from coaches and players in all age groups.

The surface of the MAXI GRIP handball is sticky when you catch the ball but leaves no traces of adhesives on your hand when you release it.

MAXI GRIP enables children, youngsters and arenas without a ban on resin to play with a ball that has an adhesive surface – a breakthrough in junior training and matches.

Product of the Year

## MAXI GRIP

- Match/ Training Ball
- A newly developed handball for youngsters with a unique sticky surface that provides excellent grip around the ball without the need of resin
- The surface is sticky when you catch the ball, but when you release it, your hand remains clean with no traces of adhesive and the ball does not leave traces on hands or sports floors. Under the surface, the ball has the well-known and highly renowned SELECT features
- The ball is made of soft and durable HPU material and when the stickiness goes, the player still has a high quality handball
- Tested by SGS and contains no harmful substances

**SEL500** Size 0-1-2-3

**SPECIAL ORDER ONLY**

## MAXI REGRIP

- Prolong the grippy effect on the MAXI GRIP handball
- Excellent grip without resin
- Leaves no sticky marks on the hands or on the floor
